- **Soft Skills:** Problem Solving, Communication, Adaptability, Team Collaboration

---

PROFESSIONAL EXPERIENCE

FULL STACK DEVELOPER

Adroit International Paper Trading Company, Dubai, UAE
October 2024 – Present

- Designed and developed a **Business Process Automation (BPA)** web application to streamline workflows and task tracking using React JS, ReactFlow, Node JS, and Express JS.

- Engineered a responsive front-end interface with intuitive navigation for enhanced user experience.

- Built an Entity-Relationship (ER) diagram to define database schema and relationships using PostgreSQL.

- Created and integrated RESTful APIs for seamless communication between front-end and back-end.

- Implemented key features including workflow creation, task management (add, edit, delete), and process status updates.

- Optimized the application to ensure high performance and scalability.

SOFTWARE ENGINEER
Accubits Technologies, India
July 2022 – March 2023

- Led full-stack web application development using **React JS**, **Node JS**, and **MySQL**.

- Designed and maintained robust REST APIs to enhance backend functionality.

- Debugged, tested, and optimized web applications to deliver an improved user experience.

- Collaborated with design teams to implement user-friendly interfaces and responsive layouts.

FREELANCE WEB DEVELOPER
India & UAE
March 2023 – September 2024

- Delivered end-to-end solutions including **domain registration**, **web hosting**, and **email setup** for diverse clients.

- Developed small-scale responsive websites using **React JS**, **HTML5**, and **CSS**.

- Configured **DNS** for seamless website and email functionality.

EDUCATION

- **Bachelor of Technology (B.Tech), Computer Science & Engineering**
  LBS College of Engineering, India (2017–2021)

- **Higher Secondary Education, Computer Science**
  Rahmania HSS, Calicut, India (2016)

CERTIFICATIONS

- Crash Course on Python

- Data Structures A-Z
